CLIMATE

The Lake District has a generally mild maritime climate characterised by ample rainfall. Winters are wet with some snow, and summers are relatively dry by comparison (average temperatures range from 0°C/32°F in January to 19°C/66°F in July). WHAT TO PACK: Layering is the way to go as the weather is unpredictable and can change rapidly in both summer and winter. Comfortable, sturdy shoes, a fleece and a waterproof jacket are recommended if you plan to go walking. Summer: cool, light clothing, along with a sun hat, sunscreen, sunglasses and at least one warm sweater as the weather is changeable. Light jackets or jerseys are recommended for the evenings. Winter: woollens, and a warm coat for outdoors.

LAKE DISTRICT

The Lake District, which is also known as The Lakes, is a mountainous region in the county of Cumbria in the northwest of England. A UNESCO World Heritage Site and a popular holiday destination, with its lakes, forests and fells (hills or mountains) providing a platform for many outdoor activities, the area is famous for its spectacular scenery. The Lake District offers an array of interesting places to visit too, as it is home to many magnificent historic houses and gardens. A literature trail offers a fascinating glimpse into the lives of writers and artists, including poet William Wordsworth and children's book author Beatrix Potter.
